2015 was a year of connections for Lindquist Dental Clinic for Children! (LDCC) Thanks to all of you who are our community partners, donors, patients, staff & volunteers:

- Provided 41,872 patient visits to 21,402 unique children; helping to give them a healthy smile!
- Participated in or led more than 181 outreach & educational events throughout Pierce and Kitsap Counties.
- Provided screenings, fluoride varnish and sealants in 35 schools with no costs to families
- Collaborated with over 70 community partners to help connect children with the oral health care they need.

The CONNECTIONS we have and the services we provide are all for a single purpose...to fulfill our mission of providing accessible, compassionate and effective dental care to Puget Sound children in need, ages 0 thru 18 with no child turned away due to inability to pay!!!!

All children deserve a healthy and happy smile. Our CONNECTIONS with all of you ensure that LDCC is able to CONNECT children in need from throughout the Puget Sound area with oral healthcare, our outreach and clinic-based services.

On the following pages we are excited to share additional information about our 2015 achievements and program highlights.

On behalf of our staff, Board of Directors, and the Puget Sound children in need, THANK YOU for your continued partnership!

With gratitude,

Carolyn McDougal
President and CEO

Julie Martin
Chair, Board of Directors
2015 Highlights

With your support, we are truly making a difference in the oral health of our community, one exceptional child at a time. In 2015, our team of over 47 employees provided dental care via 41,872 patient visits to 21,402 unique Puget Sound children in need!

James was 14 years old when he first came to LDCC. Years of poor oral hygiene had left his teeth discolored from excessive decay and he was left feeling shy, embarrassed and unable to focus on his classes at high school. Over the course of his treatment, our staff took the time to get to know James and both discussed the importance of proper oral hygiene and also encouraged his plans for the future and his dream to attend college. LDCC helped restore James’ smile and his confidence. Now attending college, he attributes his success at school in part due to his restored oral health but also the encouragement he received as an LDCC patient. To this day, he remains in touch, sharing his continued achievements and gratitude with our staff.

*Based on a true story; name changed and stock photo used to protect patient privacy.
Who did we serve in 2015?

Lindquist Dental Clinic for Children provided dental care to 21,402 unique Puget Sound children in 2015, of which:
